This is to remind the colleges that the last date for surrender / sleeping mode of non-viable courses and shifting of students to other eligible courses of the same college or near by college remains same as mentioned in Ref.-1 above. Hence the colleges have to expedite the process and submit at the earliest on or before 25/09/2017 to the under signed, failing which the affiliation of these colleges will be stalled for the academic year 2017-18.

The Convener, DOST - 2017 has enabled the option of the corrections in name, caste, gender and date of birth to HLC, and the colleges need to contact HLC for such requirement.

The Convener, DOST - 2017 has provided a facility for internal sliding for course change / medium change / second language change (for the students who requested), if there is a vacancy. Such provision is open for respective college Principals from 19/09/2017 to 23/09/2017.

Hence, all internal sliding should be made by the respective college Principals and shifting to other colleges requests have to submit to the under signed in the format as mentioned in Ref - 1 quoted above.
